

# GROOMING CHECK IN

**CLIENT/PATIENT INFORMATION VERIFIED \_\_\_\_\_**

Rabies and Distemper vaccinations (including Bordetella and Bivalent Canine Influenza for canine patients) are required to be current, or will be updated on the day of the groom.

Vaccinations require a current exam by a veterinarian at Bridgeview Animal Hospital, and an exam fee will be added to your invoice.

If your pet has been examined by a Bridgeview Animal Hospital Veterinarian in the last 6 months, the distemper, bordetella, and bivalent canine influenza (CIV) vaccines can be given by a technician. A technician fee will be added to your invoice.

CANINE	UPDATE
Rabies Vaccine	
DA2PP Vaccine	
Bordetella Vaccine	
Leptospirosis Vaccine	
Lyme Vaccine

Dematting can be uncomfortable and painful in some situations; therefore, some dogs will not be considered for dematting, and shaving will be the only option

INITIALS FOR SHAVING \_\_\_\_\_

Please know that your pet’s health and well being is our greatest priority. Our groomers are very experienced and will take the absolute best care of each and every animal in our care. Bridgeview Animal Hospital/Binford Pet Wellness Clinic will not be held responsible for any pre-existing conditions or any injuries incurred, or any medical problems that may be uncovered during or after the grooming process. There is always the slight risk of minor nicks when clipping off matted coat. As the owner I am responsible for the condition of my pet’s coat as presented to our groomers. We reserve the right to charge additional fees we considered over the above and norm covered by our standard rates. If during the grooming process it is discovered that your pet has any internal or external parasites, including fleas, we will treat for these conditions at the owner’s expense. Understand that it is your legal responsibility to disclose to the best of your knowledge if your pet has bitten, or attempted to bite anyone in the past.
